I have made the recommendation to purchase this annuity based on the information gathered. The product meets the customer's financial needs and objectives based on the information the customer provided. Further, if my recommendation includes the replacement of an existing life insurance policy or annuity contract, I believe this new annuity provides additional or new benefits over the replaced policy or contract based on the information provided by the customer. I have not made any representations or promises about the future value of this contract that differ from the company provided materials.

I understand and acknowledge that some annuity recommendations, such as those related to "rollovers" or transfers from certain retirement plans or IRAs, could be "fiduciary" investment advice recommendations as that term is defined by ERISA and the Internal Revenue Code. If I make such a fiduciary recommendation, I acknowledge that I am responsible for complying with the requirements of an applicable U.S. Department of Labor prohibited transaction exemption covering any receipt of sales-related compensation. I understand and acknowledge that if I choose to rely on PTE 84-24, an 84-24 disclosure form must be completed, signed by the applicant and me, and a copy left with the applicant. ## IMPORTANT NOTICE: REPLACEMENT OF LIFE INSURANCE OR ANNUITIES

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchase are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on an existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involved the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? ☐ Yes ☐ No
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? ☐ Yes ☐ No

If you answered "Yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (including the same of the insurer, the insured or annuitant, and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing.

Insurer Name	Contract or policy #	Insured or Annuitant	Replaced or financing
1.			
2.			
3.			

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request one, an in force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because: \_\_\_\_\_

I do not want this notice read aloud to me (Applicants must initial only if they do not want the notice read aloud.) \_\_\_\_\_

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agents that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agents to determine whether replacement or financing your purchase makes sense.

**PREMIUMS**

Are they affordable?

Could they change?

You're older – are premiums higher for the proposed new policy?

How long will you have to pay premiums on the new policy? On the old policy?

**POLICY VALUES**

New policies usually take longer to build cash values and to pay dividends

Acquisition costs for the old policy may have been paid, you will incur costs for the new one

What surrender charges do the policies have?

What expense and sales charges will you pay on the new policy?

Does the new policy provide more insurance coverage?

**INSURABILITY**

If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down

You may need a medical exam for a new policy

Claims on most new policies for up to the first two years can be denied based on inaccurate statements

Suicide limitations may begin anew on the new coverage

**IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY**

How are premiums for both policies being paid?

How will the premiums on your existing policy be affected?

Will a loan be deducted from death benefits?

What values from the old policy are being used to pay expenses?

**IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT**

Will you pay surrender charges on your old contract?

What are the interest rate guarantees for the new contract?

Have you compared the contract charges or other policy expenses?

**OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS**

What are the tax consequences of buying the new policy?

Is this a tax free exchanges? (See your tax advisor.)

Is there a benefit from favorable "grandfathering" treatment of the old policy under the federal tax code?

Will the existing insurer be willing to modify the old policy?

How does the quality and financial stability of the new company compare with your existing company?
